

CHAPTER 10
SECTION 5.1

TRANSITIONAL ASSISTANCE MANAGEMENT PROGRAM (TAMP)

ISSUE DATE: June 1, 1999

AUTHORITY: 32 CFR 199.3, PL. 101-510, PL. 102-125, PL., 103-337

I. DESCRIPTION

The Transitional Assistance Management Program (TAMP) establishes TRICARE eligibility for **specific categories of beneficiaries**. The sponsors and their family members are eligible for continued TRICARE **medical** benefits including enrollment/re-enrollment in TRICARE Prime services and supplies provided under the Program for Persons with Disabilities, and MTF care, for a defined period of time as indicated on DEERS. While the status of these individuals is neither active duty nor retiree/deceased, for the purpose of cost-sharing, the claims **for** these individuals **(including the former active duty member) shall be processed as active duty dependents**.

II. POLICY

A. **Covered Groups. Those members and their authorized dependents who meet the criteria below are entitled to medical benefits under TRICARE to the same extent as those available to active duty dependents.**

1. A member who is involuntarily separated from active duty.
2. A member of a reserve component who is separated from active duty to which called or ordered in support of a contingency operation if the active duty is for a period of more than 30 days.
3. A member who is separated from active duty for which the member is involuntarily retained under Section 12305 **(also referred to as "stop loss") of Title 10, U.S.C., in support of a contingency operation.**
4. A member who is separated from active duty served pursuant to a voluntary agreement of the member to remain on active duty for a period of less than one year in support of a contingency operation.

B. **Time Frames for Eligibility - Separation Occurred Prior to December 28, 2001.**

1. Members **(and dependents) involuntarily separated from active duty with less than six years of active service are eligible for 60 days of TAMP. Members (and dependents)**

involuntarily separated from active duty with six years or more of total active federal military service are eligible for 120 days.

2. Members (and their dependents) of the armed forces who are members of a Reserve Component and who are called or ordered to active duty in support of a contingency operation are eligible for 30 days of coverage or until covered by an employer-sponsored health plan, whichever occurs earlier.

3. Members (and their dependents) of the armed forces who are involuntarily retained on active duty under Section 12305 of this title in support of a contingency operation are eligible for 30 days of coverage or until covered by an employer-sponsored health plan, whichever occurs earlier.

4. Members (and their dependents) of the armed forces who voluntarily agree to remain on active duty for a period of less than one year in support of a contingency operation are eligible for 30 days of coverage or until covered by an employer sponsored health plan, whichever occurs earlier.

C. Time Frames for Eligibility for Members and Dependents - Separation Occurred on or after December 28, 2001.

1. Members (and dependents) involuntarily separated from active duty with less than six years of active service are eligible for 60 days of TAMP. Members (and dependents) involuntarily separated from active duty with six years or more of total active federal military service are eligible for 120 days.

2. Members (and their dependents) of the armed forces who are members of a Reserve Component and who are called or ordered to active duty in support of a contingency operation are eligible for 60 days of coverage when the member has six years of active service or 120 days when the member has six years or more of total active federal military service.

3. Members (and their dependents) of the armed forces who are involuntarily retained on active duty under Section 12305 of this title in support of a contingency operation are eligible for 60 days of coverage when the member has six years of service or 120 days when the member has more than six years or more of total active federal military service.

4. Members (and their dependents) of the armed forces who voluntarily agree to remain on active duty for a period of less than one year in support of a contingency operation are eligible for 60 days of coverage when the member has six years of total active federal military service or 120 days when the member has six years of active service.

D. Determining Eligibility

1. Eligibility determinations for coverage must be based on DEERS determinations.

2. Managed Care Support Contractors are responsible for confirming DEERS eligibility status. Once jurisdictional responsibility is established, the contractor shall have the capability by using DEERS to identify these claims as TAMP and process them as active duty dependent claims. While the status of these individuals is neither active duty nor

retiree/deceased, for the purpose of cost-sharing, the claims for these individuals shall be processed as active duty dependents. Eligibility verification of an active duty member who was separated involuntarily shall be based solely on the DEERS response. For those claims that are submitted for medical services rendered to the sponsor and if the contractor can identify the claim as meeting the transitional eligibility requirements, the contractor shall process the claim. Otherwise the sponsor claims indicating status as “active duty” and relationship as “self” shall continue to be transferred to the military services. Claims are to be processed by the contractor using the same rules and cost-shares that apply to active duty dependents.

E. Change in eligibility status of a beneficiary during an inpatient hospital stay (see the TRICARE Reimbursement Manual, [Chapter 6, Section 2](#)).

F. In cases involving the existence of other health insurance (OHI) for dependents and/or sponsors, treat as double coverage as required by the TRICARE Reimbursement Manual.

G. TRICARE Prime:

1. Enrollment in Prime. TAMP eligibles may enroll or re-enroll in TRICARE Prime.
2. Effective Date of Enrollment in TRICARE Prime is as follows:

a. TAMP eligibles (including the former active duty member) who were enrolled in Prime immediately prior to their change in status may continue their enrollment in TRICARE Prime with no break in coverage. A reenrollment application must be completed prior to the TAMP expiration period (i.e., 60 or 120 days) in order to continue with TRICARE Prime. The effective date shall be the date the sponsor separated from active duty as the intent is to ensure that Prime coverage is seamless. See [Chapter 10, Section 2.1](#) for further information on the effective date of enrollment.

b. TAMP eligibles who were not enrolled in Prime (including TPR and TPRADFM) immediately prior to their change in status may choose to enroll in TRICARE Prime while receiving TAMP coverage but such enrollment is subject to the “twentieth of the month rule”. That is, if an application for an initial enrollment is received after the twentieth day of the month, Prime enrollment will begin on the first day of the second month after the month in which the application was received by the contractor. See [Chapter 10, Section 2.1](#) for further information on the effective date of enrollment.

c. While the TPR and TPRADFM are not available to TAMP eligibles, these programs are considered a “Prime-like” benefit and enrollment or reenrollment in Prime shall be available to them as stated above.

H. The Continued Health Care Benefit Program (CHCBP) may be available to members (and their dependents) after the expiration of TAMP entitlement. The CHCBP is a program that requires enrollment and the payment of quarterly premiums. The quarterly premiums for coverage are approximately \$933 for one person and \$1,996 for family coverage. Application for CHCBP must occur within 60 days of loss of TAMP eligibility. See [Chapter 10, Section 4.1](#) for further information.

I. Dental Coverage

1. Dental benefits for TAMP-eligibles are limited to space available care in the DTF.

2. The TRICARE Dental Program (TDP) is a voluntary dental insurance program that is available to Active Duty family members, Selected Reserve and Individual Ready Reserve members, and their eligible family members. The TDP is not part of the benefits offered under TAMP. Sponsors who were enrolled in the TDP prior to being activated, who then return to Reserve status, may be eligible to re-enroll in the TDP.
